Meet the Teacher!

Mrs. Tanya Fulton

The Basics

I have been teaching for 30 years. I started in 4th grade where I taught for 8 years. I moved to 3rd grade, where I have spent most of my career, although I did teach one year in 1st and two years as a math intervention teacher. I am excited to be teaching math resource this year. I have been married to my husband for almost 40 years and we have a wonderful family with our son Waylon, daughter in law, Kathleen and 3 grandchildren.

My Childhood

Some things I enjoy doing the most are reading, spending time with my family and my friends. I enjoy all kinds of books but mostly mystery, romance and educational books. My family and I like to go to Broken Bow every summer and are considering buying a boat! My friends and I like to go out to eat together and go to the movies. And then sometimes… I can be a real introvert and sit on my couch!

My Education

I have an Associates from TJC. I graduated from the University of Texas with a Bachelor of Science in Elementary Education with specializations in Reading, Math, Gifted & Talented, ESL and Special Education.
